Water Off / On Request

As the property owner of the above Service Address, I am requesting that the Washington Township Municipal Authority terminate / restore water service to the above address. I understand the following:

- The cost for terminating water service is \$35.00 during normal business hours
- The cost to restore water service is an additional \$35.00 during normal business hours
- All requests not during regular business hours, anything after 3:30 pm to 7 am, will be \$85.00 each
- I will continue to incur minimum water and sewer charges while the water is turned off
- Water service at that address will not be restored unless all outstanding charges and fees are paid in full prior to reconnection
- Failure to pay outstanding charges and fees may result in a Municipal Lien being placed against the property

I further attest that the above property is vacant, and I am not requesting service termination for any improper (i.e. constructive eviction) purpose.
